

Wisconsin FAAS Team presents:

# **Would You Like Some Ice With That - Green Bay IMC Club Monthly Meeting**

A good activity for anyone interested in instrument flying. Use real world scenarios to increase your level of safety in the IFR environment. Safe instrument flying is a matter of mitigating risk, personal minimums and standard operating procedures. If you have and use sound judgment, establish personal minimums and good procedures, you can enjoy a long and successful career of instrument flying. The Green Bay IMC Club provides organized "hangar flying" focused on building proficiency in instrument flying. An instrument rating is not required for attendance. This meeting topic includes both a timely winter season concern, icing, and information on VCOA departures. What is a VCOA departure? Join us and learn about this procedure, which can be a very useful addition to your IFR flying toolbox.

**Directions:** Upper Level Meeting Area fo Jet Air located at 1921 Airport Drive, Green Bay, WI.

#### **A message from the National FAASafety Team Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
