

FAASTeam presents:

Beyond The Preflight

Your presenter Richard Morey, CFI and A&P, will discuss the following:

This webinar begins with an examination of aircraft systems as viewed by an A&P mechanic and CFI during preflight inspection. Photos in a power point slide format with voice over explanations are used to present and illustrate the facts presented. Photos allow a more precise view of specific areas of interest during a preflight. Attendees will understand the actual aircraft mechanisms involved, their operation and failure indications and consequences.

Directions: This webinar is conducted via ZOOM Webinar and an invitation will be sent to those who register in advance.

The organizer will be available at 5:45 PM for system test and the webinar will begin at 6:00PM.

Please register for this webinar prior to June 23, 2020 at: Registration URL to Join Zoom Meeting
