

Accidents - What Can We Learn From Them?

If you fly aircraft, then this is a must for everyone. Hear from FAAS Team Program Manager Jurg Grossenbacher about recent accidents and incidents. We have experienced fourteen accidents in a sixteen week period due to pilot lack of proficiency and we are desperately trying to raise awareness on the importance of training.

Directions: Please meet at us at the Main FBO Building lobby located at 1720 E. Main Street, Reedsburg, WI. "Prior to attending a safety seminar please review and abide by current CDC, State and Local health guidelines."

A message from the National FAAS Team Manager
