

FAASTeam presents:

# **Victims of Controlled Flight into Terrain**

If you fly at night then this seminar is for you! Jurg Grossenbacher, FAAST Program Manager from the Milwaukee FSDO will brief the pilots on a Controlled Flight into Terrain Accident that happened in Ephraim, Wisconsin on a summer night. We will discuss why bad things happen to good pilots and what you can do to stay safe. We will talk about the causal factors:

1. Lack of Proficiency
2. Standard Operating Procedures
3. Best Practices

We will discuss how you can stay safe this year and still enjoy flying to the fullest.

Prior to attending a safety seminar please review and abide by current CDC, State and Local health guidelines.

**Directions:** Follow signs to EAA Chapter hangar located on 3333 North Green Bay Road, Racine, WI.

#### **A message from the National FAASTeam Manager**
