

FAASTeam presents:

# **Meet Your GRB Air Traffic Controller**

If you fly into tower controlled airports this workshop is a must!

All pilots and other aviation professionals who use the Green Bay Austin Straubel Airport (GRB) and other airports with control towers are encouraged to attend this workshop.

You will meet the Air Traffic Controllers that work at the Green Bay Airport. Our guest speaker Art Janowski, GRB Air Traffic Controller, will talk about local issues and answer any questions that you might have for him regarding operations at the airport.

Jurg Grossenbacher, FAASTeam Program Manager, from the Milwaukee FSDO, will address the pilot deviations that occurred in Wisconsin during the last 12 months. He will discuss procedures and strategies that you can use to stay safe and compliant. We will also introduce the new helpful tools available on [faa.gov](http://faa.gov) called "From the Flight Deck."

Before attending any seminar please review and abide by current CDC, State and Local health guidelines.

**Directions:** Please follow signs to Green Bay Austin Straubel Airport. CAVU Flight Academy is located at 2131 Airport Drive, Green Bay, WI.
