

FAASTeam presents:

# New FAA Hotspot Symbology

If you fly into Tower Controlled Airports then this webinar is a MUST! Christine Madden and Ray German of FAA Runway Safety will brief you on the latest changes.

Are you aware of how many pilots have misaligned to and even landed on or departed from a wrong runway, and even to a taxiway? On May 19, 2022, the Hot Spots on FAA Charting Publications will have three shapes with two distinct meanings.

Join us for a dynamic Kick-Off Outreach and Education Campaign to learn more about standardized Hot Spot symbology and a NEW Arrival Alert Notice. We'll share real-life events as we present these new & improved tools to help increase your situational awareness.

**Directions:** Please click on link below to register for this webinar.
