# **Complacency for the 99s**

## NOT OPEN TO PUBLIC CLOSED MEETING FOR WOMEN'S 99 GROUP ONLY

If you fly then this seminar is for YOU! Complacency the new Killer seminar series shows how complacency has slowly crept into the Wisconsin General Aviation Pilot Population. Are you possibly one of these pilots? By attending this seminar you will certainly know if you and your passengers are at risk. Jurg Grossenbacher, Milwaukee FAA Safety Program Manager will speak on the topic. We will show you through several incidents, accidents and pilot deviations that occurred in FY 2022 in Wisconsin that this is fact not fiction. YOU will be awarded Advanced FAA WINGS credit for attending this FAA Safety Seminar Prior to attending a safety seminar please review and abide by current CDC, State and Local health guidelines.
