

## Complacency - Replacing Lack of Proficiency

### Complacency - Safety's Worst Enemy

Is complacency silently creeping into your flying? Your host **Steve Mesner**, Certified Flight Instructor will discuss: Complacency can be hard to recognize and slowly start to replace sound judgment and flying skills. In this seminar, we'll review ways complacency starts to effect your flying habits, and how to identify the signs. We'll also explore how complacency feeds on confirmation bias and normalization of deviance. And lastly, we'll discuss ways to prevent complacency and up your flying game!

**Prior to attending a safety seminar please review and abide by current CDC, State and Local health guidelines.**

Steve Mesner Hanger #10

Silver hanger with blue door - look for the Mooney out front.

A message from the National FAASTeam Manager
