

Transition Training Owning and Operating a Grumman TBM Avenger

In this presentation we'll talk about Loss of Control Accidents, risks involved in transitioning to a new aircraft, the different types of transition training and offer suggestions that will help you to get the most from your training.

Finally we will discuss the real life challenges associated with the presenter's recent purchase, relocation (from California), and transition training involved with a WWII torpedo Bomber - the Grumman TBM3E Avenger.

Enter airport entrance off Gumina Rd, Gumina Road runs parallel to Captiol Drive to the north.

Office Building is located on the Left (West), near fuel farm.

A message from the National FAASTeam Manager
