

Take off to your Basic Maneuvers

Take Flight Aviation's is offering the 3rd of a series of 13 spring workshops designed to support a solid foundation as a student obtaining their Private Pilot Certificate. Courses are open to any student pilot obtaining lessons anywhere. Let's Fly! In this session you will learn about basics of aerodynamics, takeoffs, slow flight, power off and on stalls and proper recovery, go arounds. This class will allow us to get into more discussion about basic elements and help you discover some steps for setting up each maneuver successfully. You will leave 'Ready for Fly' during the flight portion of Private Pilot training! You can attend two individual sessions of this 13 series at no cost. Attending additional sessions is \$45.

The Pilot's Lounge is the first building you come to at the airport.
