

# Flying Steep Turns - Turns around a Point - S Turns and Elements of a Pattern Successfully

## Event Details

Let's Fly! In this session you will learn about basics of Steep Turns, Turns around a Point, S Turns, and the Elements of a Pattern. This class will allow us to get into more discussion about basic elements of these maneuvers and help you discover some steps for setting up each maneuver successfully. These maneuvers will teach you the effects that wind has on the flight path of your aircraft requiring you to make the proper corrections. You will leave 'Ready for Fly' during the this flight portion of Private Pilot training! You can attend two individual sessions of this 13 series at no cost, there is a small cost to the subsequent sessions.
