

Understanding Weather and Weather Briefing

Take Flight Aviation is offering the 7th of a series of 13 spring workshops designed to support a solid foundation as a student obtaining their Private Pilot Certificate. Courses are open to any student pilot obtaining lessons anywhere. This course is great for Rusty Pilots and anyone wanting to build their confidence understanding weather in making a go, no go decision. Fore-flight subscription, Iphone or Ipad is required for this class.

In this session you will learn about obtaining a weather overview with confidence, obtaining a weather briefing, how to utilize Fore-flight as part of understanding the weather. In the class we will call and obtain a weather briefing. You can attend two individual sessions of this 13 series at no cost there is a small cost for the subsequent sessions. For additional detail please contact Vonda Benson at www.vondabenson@icloud.com.

The Pilot Lounge is the first building you come to at the airport
