

Understanding the Airplane Pilot Operating Handbook

Take Flight Aviation is offering the 8th of a series of 13 spring workshops designed to support a solid foundation as a student obtaining their Private Pilot Certificate. Courses are open to any student pilot obtaining lessons anywhere.

This course is great for Rusty Pilots and anyone wanting to build their confidence in understanding their aircraft's AFM/POH and performance charts.

There's a lot to know! What are the most important aspects to take away from a review of the AFM/POH? We will also discuss those important pieces as well as the recommended emergency procedures for your aircraft. You will leave confident in knowing the pieces of information you want to come away with after reviewing any POH for any airplane you will be flying. You can attend two individual sessions of this 13 series at no cost there is a small cost for the subsequent sessions.
