

## EAA Simulator Workshop Series

<https://www.eaa.org/eaapilots/eaapilot-proficiency/register>

Please register for this EAA workshop on the EAA link above:

*If you are having trouble with consistency with your landings then this workshop is for You!*

Our workshop is an all-day pilot training event that offers three levels of Basic Knowledge WINGS credit followed by one Basic Flight Activity Credit (A07070405-07), Takeoffs, Landings and Go-Arounds, for 1.5 hours of flight simulator training signed by your instructor (See the link above for cost associated with the flight activity).

The concept of these workshops is to show the pilot why WINGS makes a great alternative for the flight review and will demonstrate to the pilot that training in simulators is a great improvement in general aviation safety.
