

## VMC Scenario based Safety Discussion

Come for Fly In Breakfast, Stay for VMC/IMC  
FAA Safety Teams Wings Credit Safety  
discussion.

VMC Question of the Month: What are the FAA  
Requirements regarding acting as PIC after scuba  
diving? We will discuss how long the pilot and  
passengers should wait before flying after having  
gone scuba diving.

IMC Question of the Month: Is it legal to log PIC  
time when acting as a safety pilot flying an  
airplane for which both pilot and safety pilot are  
qualified as PIC, when flying under Visual Flight  
Rules and the pilot manipulating the controls is  
under the hood? You will walk away with a better  
understanding not only about logging flight time  
but also standing in as a safety pilot are you ready  
to manipulate the flight controls from the right  
seat?
