

## Accidents Due to Bad Decisions on the Ground

The hard truth to aviation is it is very unforgiving to mistakes. You know the acronyms PAVE. You know the acronym IMSAFE(R). But do you really apply them? Human factors often impair our judgment. Review sobering accidents, incidents and occurrences with Pilotsmiths' Cirrus Training Instructor Ryan Miller. Reviewing these accidents helps foster a culture of safety and topics like this fresh in your mind might make you think twice before making the same mistakes.

Flying in: Park in front of the Pilotsmith hangar located between Taxiway Golf and Hotel. Door code is 1911 to enter.

Driving In: Follow signs to Austin Straubel International Airport, Green Bay, WI.
