

What Accidents Tell Us

If you fly Airplanes and you want to learn from other pilots mistakes, then you need to come to this FAA Safety Seminar. Jurg

Grossenbacher, FPM from the Milwaukee FAA will speak on this topic. We will discuss the issues that are hurting our GA pilots but more importantly on the topic of what you can do to stay safe and proficient throughout the year.

We will talk about: **Knowledge and Flight Training** in detail. We will discuss the programs available to you right here in Wisconsin that will challenge you as a pilot whether you are a Student Pilot or an Airline Transport Pilot that is seeking to become a better, safer pilot. We will talk about simulator training an effective, low cost training tool if used on a recurrent basis to make all of us better, safer pilots.

Please follow signs to Alexander Field, Wisconsin Rapids
