

Fond du Lac EAA Chapter FAA Safety Seminar

The lack of understanding Aircraft Systems is one of many reasons that are part of the causal factors in General Aviation Instructional and Solo Flight Accidents. This seminar is open to all of the **AREA Pilots**, this presentation will help the pilot recognize these gaps and tie these issues together by giving the pilot the tools to gain a better understanding of aircraft systems, available resources and pointers. Jurg Grossenbacher, Milwaukee FAA, will lead this discussion and answer your questions.

Tying it all together:

1. System Knowledge- POH
2. Hands on by visiting the Maintenance Shop
3. Having your Aircraft Mechanic come to ground school

Event Details

Mon, Apr 7, 2025 at 19:00 CDT
Fond du Lac Skyport
260 South Rolling Meadows Drive
Fond du Lac, WI

Contact: Jurg Grossenbacher
(414) 486-2995
