

Meet Your Local Air Traffic Control

Due to the increase in Pilot Deviations nationwide amounting to 1757 in FY 2024 we are holding a pilot/controller seminar to increase your awareness through outreach education brought to you via FAASteAM Program Manager and your local Air Traffic Control.

Nick and Jurg will discuss:

Pilot Deviations at the airport are really a big deal such as the potential for a Collision on the runway or a midair.

Pilot Deviations in the air, pilots loss of situational awareness causing them to fly into Class B, C, D or restricted airspace only to find out via FAA Investigation.
