

Private Pilot Ground School Briefing

The lack of understanding Aircraft Systems, Aerodynamics and Human factors are some of the many reasons that are part of the causal factors in General Aviation and Solo Flight Accidents. This seminar is for the **Nicolet College Private Pilot Ground School Class only**, this presentation will help the pilot recognize these gaps and tie these issues together by giving the pilot the tools to gain a better understanding of aircraft systems, available resources and pointers. Jurg Grossenbacher, Milwaukee FAA, will lead this discussion and answer your questions.

Tying it all together:

1. System Knowledge- POH
2. Aerodynamics
3. Human Factors

Event Details

Tue, May 13, 2025 at 18:00 CDT
Nicolet College Fieldside Center
5364 College Drive
Rhineland, WI
