

## Madison IMC Club

We will start by sharing a video that sets-up our scenario, "Mammoth Winds West of Macon" (Topic: A last-minute switch to a slower airplane is unfortunate, but flight planning shows strong tailwinds will almost make up the difference. The time and range should still work—until you level off in cruise and see an ETA an hour further out than you anticipated. Surely that can't be right. But what *is* right?)

We will be discussing different course of action through input all of the attendees. Through our discussion you will learn that scenarios can be handled differently. You will walk away from this discussion with more tools thus an increase in knowledge making you a safer more competent pilot.

Follow signs to Dane County Regional Airport. Wisconsin Aviation is located at 3606 Corbin Ct. We will meet in the Main Conference Room.

### Event Details

**Wed, May 21, 2025 at 19:00 CDT**

**Wisconsin Aviation**

3606 Corbin Ct

Madison, WI
