

Accidents Due to Bad Decisions on the Ground

The hard truth to aviation is it is very unforgiving to mistakes. You know the acronyms PAVE. You know the acronym IMSAFE(R). But do you really apply them? Human factors often impair our judgment. Review sobering accidents, incidents and occurrences with Pilotsmiths' Cirrus Training Instructor Ryan Miller.

Ryan will discuss:

Reviewing these accidents helps foster a culture of safety and topics like this fresh in your mind might make you think twice before making the same mistakes. You will walk away from this seminar having a deeper understanding of Human Factors which impacts safety and is a major contributor to GA Accidents.

Park at Appleton Flight Center. Proceed upstairs to the conference room.

A message from the National FAASTeam Manager
