

## Wisconsin Civil Air Patrol Briefing

### **This seminar is not open to the public**

**Takeoff and Landing Accidents account for 70% of all GA Accidents and Wisconsin had 31 Landing Accidents in FY 2024** alone, why is that? Is it that pilots aren't proficient? Is it that pilots forget the basics or is it because they try to save the landing rather than perform a go around.

If you felt that the Engine Failure Startle Effect was worth your time to attend in 2022 then you will be pleased to know that the same team of CFI's have developed the Good Landings do not happen by Accident seminar series. During this seminar Henry Peterson, Flight Instructor and FAA Safety Representative will answer these questions for you.

- Why are we talking about landings
- Unstabilized Approaches

### **Event Details**

**Sat, Jun 21, 2025 at 09:00 CDT**

**Civil Air Patrol Hangar**

9393 West Appleton Avenue

Milwaukee, WI

**Contact: Jurg Grossenbacher**
