

## Accidents Unraveled

**The lack of understanding Aircraft Systems, Aerodynamics and Human factors are some of the many reasons that are part of the causal factors in General Aviation and Solo Flight Accidents.** This seminar is open to all of the **AREA Pilots**, this presentation will help the pilot recognize these gaps and tie these issues together by giving the pilot the tools to gain a better understanding of aircraft systems, available resources and pointers. Jurg Grossenbacher, Milwaukee FAA, will lead this discussion and answer your questions.

Tying it all together:

1. System Knowledge- POH
2. Aerodynamics
3. Human Factors

### Event Details

**Mon, Jun 30, 2025 at 18:00 CDT**  
**Terminal Building Conference Room**  
W4711 State Road 59  
Monroe, WI
