

## Landings Unraveled

**Takeoff and Landing Accidents account for 70% of all GA Accidents and Wisconsin had 31 Landing accidents in FY 2024 alone, why is that?** Is it that pilots aren't proficient? Is it that pilots forget the basics or is it because they try to save the landing rather than perform a go around.

If you felt that the Engine Failure Startle Effect was worth your time to attend in 2022 then you will be pleased to know that the same team of CFI's have developed the Good Landings do not happen by Accident seminar series. During this seminar Steve Mesner, Flight Instructor/FAA Safety Representative will answer these questions for you.

- Why are we talking about landings
- Unstabilized Approaches
- What is stabilized

### Event Details

**Wed, May 14, 2025 at 18:00 CDT**  
**Viroqua Municipal Airport**  
Ellis West Road  
Viroqua, WI

**Contact: STEVEN MESNER**

**(608) 344-1805**

**cfii.steve@gmail.com**

**Select #: GL13137111**

**Representative STEVEN MESNER**  
**n/a**

- What isn't
