

Having It All - Monthly Safety Meeting at Pilots

Collisions and near misses are the talk everywhere. While a disproportionate number of aviation mishaps are done but us - light GA aircraft - this problem is across the whole of aviation. Even the record holder for safest of virtually anything measured, the U.S. carriers are now showing up with way too many near-misses, and for the first time in decades, some actual mid-air collisions, as well as many too many on the ground near misses.

This can be managed. It starts with you. Let's talk about how we become the subject of the story.

CHRISTOPHER VISEL n/a**

Michael Baraz holds ATP, CFI, CFII, AGI, and IGI certificates. He is an active flight instructor and FAA Safety Lead Team Representative. He loves helping people achieve their flying goals and staying safe, current, and proficient

by continuous training with WINGS credits. Michael has owned two Mooneys and currently owns a Rocket 305, he enjoys flying fast. He is a member of several flying clubs and pilot associations around Chicago and is the treasurer and past-president of CEPA.

We meet at the EAA Chapter 22 Hangar. Look for the big EAA sign on the hangar, at the end of the row at the first right turn after the gate. We start with a meal at 6, and the meeting starting at 7:00 pm.

Please Register to get WINGS credit for this event.
