

Accidents Unraveled

Come and enjoy a hamburger starting at 5:00PM followed by a
FAA Safety Seminar at 6:00PM!

The lack of understanding Aircraft Systems, Aerodynamics and Human factors are some of the many reasons that are part of the causal factors in General Aviation and Solo Flight Accidents. This seminar is open to all of the **AREA Pilots**, this presentation will help the pilot recognize these gaps and tie these issues together by giving the pilot the tools to gain a better understanding of aircraft systems, available resources and pointers. Jurg Grossenbacher, Milwaukee FAA, will lead this discussion and answer your questions.

Tying it all together:

1. System Knowledge- POH
2. Aerodynamics

Event Details

Mon, Jul 14, 2025 at 18:00 CDT

Cary Bouchard Hangar

50511 State Highway 112

Ashland, WI
