

False Sense of Security

If a Pilot just had a recent Flight Review or a Instrument Competency Check he should be good to go right? Not so fast, through works we have discovered that many pilots are not receiving proper evaluations for their knowledge or skill during their Flight Review or FAA WINGS Flight Activities.

Our speakers will discuss how this is possible and what you can do to avoid this pitfall.

- Flight instructors spend the vast majority fo their time teaching. A flight review is not teaching but rather it is an evaluation of the pilots knowledge and skill.
- Flight reviews and Instrument Competency Checks are not a pass fail event
