

Stabilized Approaches

If you fly airplanes then this seminar is a must! Takeoff and landing accidents account for 45% of all GA Accidents and Wisconsin had 18 landing accidents in 2022 alone, why is that? Is it that pilots aren't proficient? Is it that pilots forget the basics or is it because they try to save the landing rather than perform a go around.

During this seminar **Noah Lencki, CFI, FAA Safety Representative**, will answer these questions for you.

- Why are we talking about landings?
- What is a Stabilized Approach?
- What isn't?
- How do we stay safe?

Please follow signs to the Clintonville Municipal Airport

Event Details

Tue, Jan 20, 2026 at 18:00 CST
Clintonville EAA Chapter 1710
440 7th Street
Clintonville, WI
