

## Pro Tips for UAS Heavy Lift Part 137

If you are thinking about flying heavy drones over 55 pounds or are just interested in learning how they differ from Small UAS then join us!

Our guest speaker, Jeramy Williams - American Drones will discuss the basic differences between heavy lift and sUAS operations and some regulatory requirements to fly heavy lift and part 137 agricultural use drones. We will also cover pre-flight operations, inspections, maintenance, Notices To Airman and appropriate paperwork for drones weighing over 55lbs. Learn from the experts that fly the biggest drones and use their tips and tricks in your flying operations.

Please register for this webinar at the link below and share with friends or family that might also be interested in attending.
