

Madison IMC Club

We will start by sharing a video that sets-up our scenario, "Straight to Nirvana" (Topic: Departure procedures range from "fly runway heading" to convoluted turns amidst precipitous terrain. Yet even the most mundane departures can be misunderstood. Now you're in the clouds and wondering: Is this departure more about keeping you clear from the terrain below or the traffic above? Analyze the situation and compare your ADM with the video analysis.)

We will be discussing different course of action through input all of the attendees. Through our discussion you will learn that scenarios can be handled differently.

Follow signs to Dane County Regional Airport. Wisconsin Aviation is located at 3606 Corbin Ct. We will meet in the Main Conference Room.

A message from the National FAASTeam Manager
