**Select #: GL13143323**

**Representative DANIEL MARK  
COYNE n/a**

Weather Avoidance for every Pilot

We will start by sharing a video that sets-up our scenario, "Get Me Out of Muhlenberg" (Topic: A batch of convective rain blocks the next leg of your trip. Do you try to skirt around the front of it where the weather is best, the back of it where the terrain is lowest, or wait for it to pass hoping the sizable gaps don't shrink into mere suckerholes?)

We will be discussing different course of action through input all of the attendees. Through our discussion you will learn that scenarios can be handled differently.

Follow signs to Dane County Regional Airport. Wisconsin Aviation is located at 3606 Corbin Ct. We will meet in the Main Conference Room.

### **A message from the National FAASTeam Manager**
