

Owner and Pilot Maintenance Tips and Avoiding Pitfalls

You want to learn more about Aircraft Systems and Aircraft Maintenance then this seminar is for You!

This **Two Hour** seminar is presented by an FAA Mechanic with Airframe and Powerplant Ratings, plus Inspection Authorization (I.A.). The session will focus on the owner's options on how inspections are conducted and the necessary compliance process. Additionally, there will be a ***Silent Identification Challenge*** for those participants that want to engage in identifying common aircraft parts and how they function. Finally, bring your concerns and ask the I.A. any questions you need answered.

Coffee and donuts are provided! Fly-in or drive-in! All are welcome!

The Lake Country Aviation FBO is located in the large hangar on the main ramp at Lake Country Airport (W11)

A message from the National FAASTeam Manager
