FAASTeam presents:

Aviation Safety Quiz Night

Learning can be fun and we have the event lined up for you to come and test YOUR Knowledge!

Each month's quiz will be different. Gather your friends, colleagues, fellow Chapter members etc to test your knowledge of topics ranging from safety, regulations, charts, aircraft recognition, current or historical aviation events. Anything aviation goes!

If you enjoy learning and getting a better perspective then this gathering of pilots is for you. Quiz night does not promote spewing out the right answer but rather it promotes increased knowledge which along with aircraft training will make you a safer pilot.

This is an interactive way to promote safety since knowledge is so critical in operating aircraft in a safe manner requiring knowledge and skill.
