FAASTeam presents:

EAA VFR Workshop Startle Effect

Are You ready to overcome the Startle Effect, properly analize the Mechanical Failure while maintainig the Situational Awarenss to maintain control of your Aircraft?

Come and find out for yourself by joining us in this FREE all day workshop sponsored by EAA and produced by the FAA Safety Team of Wisconsin. The workshop will increase your level of knowledge provided through FAA seminars along with you getting to hone your piloting skills in the redbird simulator flight where we will have you handle several **Inflight Mechanical Emergencies.** The simulator period will not only improve your scan but it will provide you with a safe environment that you can practice the handling of an aircraft in a emergency situation and if need be the emergency can be repeated to increase your level of confidence.
