

EAA VFR Workshop

How Confident are you with Uncontrolled Fields? Would you like to expand your experience in an enriching and supportive environment?

Here is your chance to practice in a workshop focused on flight operations at Non-Towered Airports.

In cooperation with PilotEdge www.PilotEdge.net, Shawn Lynch, CFI will lead this FREE workshop. Pilots will get to simulate a "20 Minute Hop" flying to lunch between Stevens Point and Iola Central in a networked environment with other participating pilots, seeing the aircraft participating and hearing the actual communications from other pilots.
