

EAA 18 VMC and IMC Club Meeting Timmerman Airport Civil Air Patrol Hangar

Event Details

Come and join Jim and Tim lead the monthly IMC Club:

VMC Question of the Month: You're preflighting your airplane, and realize that you have not checked your ELT in a long time. The battery was replaced just under two years ago, but hasn't been tested since. Is there some way you can test the device without triggering a search and rescue event to ensure it still works properly?

IMC Question of the month: What items does the FAA recommend be included in a pre-taxi briefing? Do you use a pre-flight checklist?

We will be meeting in the Civil Air Patrol hangar as shown in the image below.
