

Madison/Middleton EAA September VMC Club

If you are looking at expanding your knowledge, then this Discussion is for YOU!

This is a round table discussion where we will review two topics provided by the EAA.

Our first topic will be a question of the month which typically focuses on **Regulations and Aeronautical Knowledge**. These topics are meant as a discussion rather than a lecture and they are meant for an interactive audience/presenter participation so please bring along your questions.

Our second topic will be a video scenario that requires us to think about what we would do in that situation. Join other pilots to share your knowledge and learn from them. VMC Club is open to anyone at any level or interest in aviation.
