

EAA IMC Club / VMC Club Double Header - Hard to Find at Night/Fun with Flaps

Event Details

Come and Join us for the Monthly Meeting led by Charlie Smith, Certified Flight Instructor and FAA Safety Representative.

The EAA IMC Club and VMC Club provide organized, safety-focused forums for instrument and VFR pilots to build, maintain, and refine proficiency. Monthly scenarios encourage real-world safety discussion and pilot skill enhancement.

Please note that our presenter is not acting as a flight instructor. Participants will have varying perspectives and personal operational choices, as real-world flight situations rarely have a single correct answer.

Our goal is to challenge thinking through practical "what-if" scenarios, fostering critical self-analysis to enhance your overall Aeronautical Decision-Making (ADM) process.
