FAASTeam presents:

Go Around Reluctance

Why are we so set on making that landing? Why are we not executing the ALL important Go Around? What is a Stabilized Approach?

Highlights of the briefing: Answers to these questions:

- **It all starts with preflight planning**
- **What is a Stabilized Approach?**
- **When should you execute a Go-Around?**
- **What prevents us from making the decision to go around**
- **Five hazardous attitudes**
- **Where do we go from here? Change in Behavior and Training**

Please follow signs to the Chippewa Valley Regional Airport, Eau Claire, WI
