

CFI Special Emphasis Module #4

Flight Instructors and Designated Pilot Examiners need to know the Transportation Security Administration requirements for training U.S. and foreign pilots. Review significant changes in airspace that resulted from the events of September 11, 2001. Be able to guide students through the intricacies of airspace regulations! This event will provide a venue for CFI and DPE interaction on this and other topics of importance.

Directions: Cirrus Aircraft Design is located on the field at Duluth International Airport.

A message from the National FAASafety Team Manager

Over 136,600 pilots earned WINGS credits last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!
