

An FAA "WINGS Program" Approved

# General Aviation Safety Seminar

Brought to you by:  
**The Federal Aviation Administration  
& the Mn/DOT Office of Aeronautics**

Sponsored by:  
Hiawatha Valley Pilots Association

**When: Saturday, May 8<sup>th</sup> 2010  
9:00 A.M. to Noon**

**Where: Prairie View School  
W7375 170th Ave  
Hager City, WI 54014**

**Fly-ins encouraged. Transportation will be provided.**

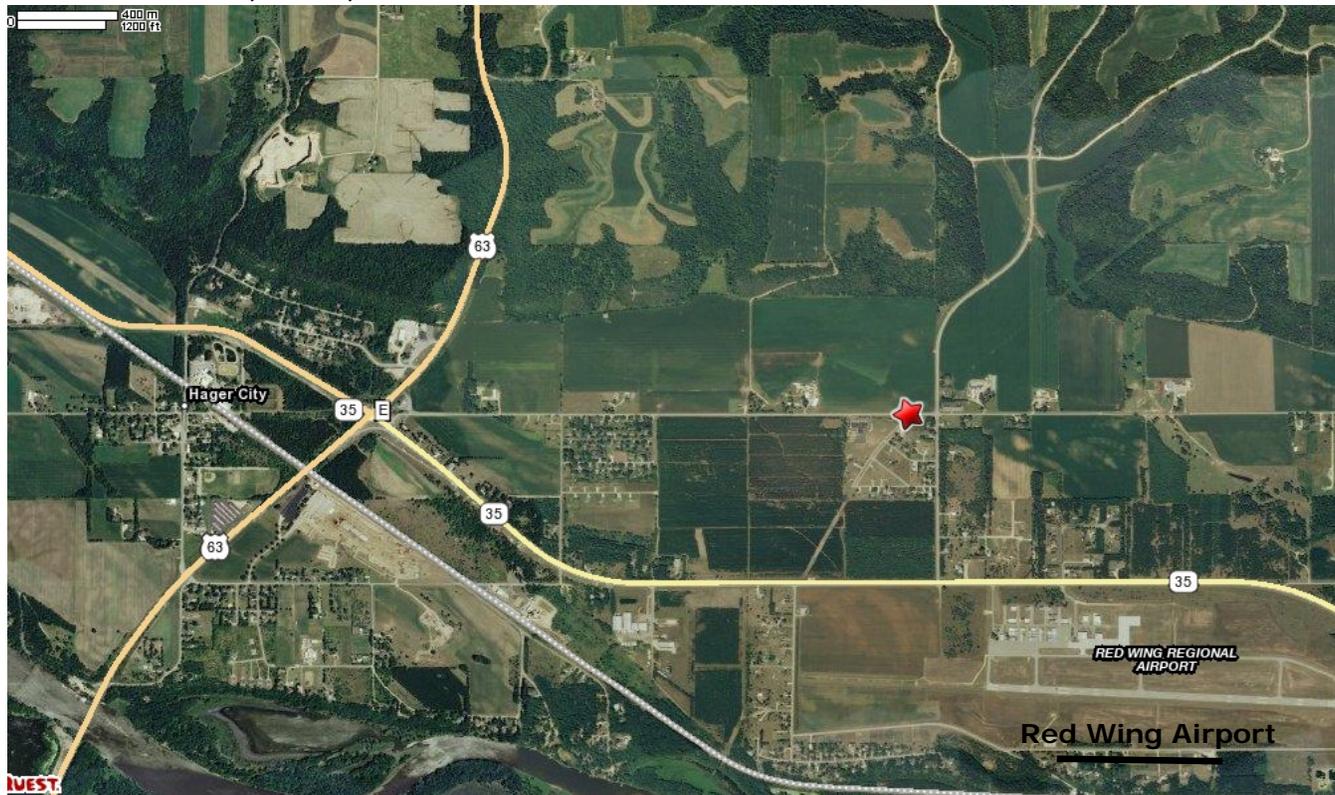

## "Survival Medicine for Aviators"

This presentation will provide aviators with an understanding of medical aspects of wilderness survival. Emphasis will be given to emergency techniques that might prove useful should we find ourselves facing survival in a wilderness scenario.

## "How to Become An Old, Bold Pilot"

This presentation will provide aviators with an understanding of approaches we can use to remain healthy and prevent problems which would be damaging to our chance to enjoy our flying privileges. The approach to successful completion of the aviation medical exam will be discussed.

Randle Corfman, Ph.D., M.D.
