

A MOONEY EXPERIENCE

Fly with confidence - Preflight to shut down and beyond

Join fellow Mooney owners for formal presentations and candid discussions surrounding the care, operation and future of their airplanes.

As the former owner of a Mooney Service Center and over three decades of flight instruction, Bruce Jaeger shares his wealth of experience. Bruce with help from Tim Lundquist of Strategic Aircraft will also provide insight into the aircraft market and how decisions made today will impact the future value of your Mooney. Event qualifies for FAA Wings credit.

Location: Fly-in or drive to Anderson Airport (KAID), 282 Airport Road, Anderson, Indiana

Time: Saturday June 8th, 2013

8:30 - 9:00 – Registration

9:00 - 9:30 – It's what's inside that counts (a real world presentation about the Mooney tubular structure, an aging fleet and corrosion)

9:30 – Noon - First leg of a program that starts with preflight and continues with systems, takeoff, engine management, emergencies, weather and a landing for lunch.

Afternoon – Second leg of our program continues with safety tips, decision making, more on your engine and learning from the experience of others. We want you to be the best Mooney pilot you can be.

Let's end the day visiting about what is next for your Mooney. When the time comes to trade or sell, we want you to be prepared.

Plan your flight or drive home for about 3:30.
