

Flying Cloud Pilots/Tenants/FAA/MAC Meeting

This is Flying Cloud's Quarterly pilot safety meeting. We will review runway signage, Class B violations, and review any runway deviations since our last meeting. We will review a 30 second video that will have everyone's attention.

Relaxed, interactive, open forum style lecture with questions, comments and personal experiences encouraged.

Directions: Park in the Modern Avionics parking lot. Walk along the side of the building toward the taxiways of the airport. Inflight's office doors are on the west end of the Modern Avionics Building right next to the taxiways.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
