

Anoka County Flying Clubs: Spatial Orientation

Spatial disorientation remains a cause of fatal accidents despite rapid progress in the development of electronic flight displays. This seminar will address this topic with a discussion of spatial orientation and various illusions. Light refreshments will be provided. Please note: Facility limitations restrict attendance at this seminar to members of Anoka-based flying clubs only. Please contact Jack Shelton, FAAST representative, if you would like this seminar presented at another venue.

Directions: The meeting will be held in the classroom at Sim Flite Minnesota, in the first floor of the red and white hangar adjacent to RC Avionics at Anoka County Airport.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
