

Flying the Caribbean

Everything you need to know and do about flying your plane to and over Cuba, to the Islands of the Caribbean, Cuba, Mexico, Belize and Guatemala. From a pilot who has flown 1,700hrs around the Caribbean to 107 different airports. Jim Parker and his C172RG has flown to 107 Caribbean airports and accumulated 1,700 hours in the Islands. He will share everything you need to know and do about flying your own plane to Caribbean. His Pilot's Guide is the most widely used in the industry and he is also the lowest cost provider of Cuban Overflight permits. He is a retired U.S. diplomat who acquired his pilot's license in Australia and has flown in Japan and Korea as well. Jim recently flew his plane to Cuba and will talk about that experience as well.

Directions: This seminar will be located in the Modern Avionics Hanger.

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
