

Flying to the Cabin in a Seaplane!

Lot's of information on why it's fun to fly seaplanes. Ernie will take us on a trip to the Minnesota-Canadian border giving us everything required to make the trip safe, enjoyable and predictable. From weather to flight planning to loading, the enroute flight, landing and docking. The presentation will have lots and lots of pictures including a short 3-4 minute film. This will definitely make you want to fly seaplanes so be careful with this one!

Directions: This seminar will be located in the Modern Avionics Hanger.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
