

Minnesota FAASTeam presents:

# Minneapolis Air Route Traffic Control Center Tour / Operation Raincheck

This event will give pilots a brief description of ATC Services. You will be given a tour of the Traffic Management Unit, Center Weather Service Unit, and Tech Ops. You will be given a briefing relating to communications, weather, and hypoxia. You will also be given an opportunity to sit with a controller working live traffic. Expect the event to last roughly 3 hours.

**Directions:** Do NOT register more than one guest without prior approval please. Space is very limited.

Do NOT un-register without prior approval please.

Upon reaching the facility, please park to the left of the Guard Shack in the "Visitor Parking" area outside of the main fence. Walk into the Guard Shack to check in with a photo ID and proceed through security. When everyone has checked in, you will be escorted into the facility, and must remain under escort throughout the tour.

If you are not a US citizen, please contact me immediately for procedures as additional procedures are required.

### **A message from the National FAASafety Team Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
