

Understanding Light Sport Aviation

What is and is not a Light Sport Aircraft?
What are the components and basic rules in play while flying Light Sport?
How much does it cost? Who flies Light Sport. Is Light Sport for you? or maybe someone you know? Can I fly without a medical? Are training times different? What can I do with a Sport Pilot Certificate that I can't do with a Private Pilot certificate.

Directions: This seminar will be located in the Modern Avionics Hangar.
