

Noise Abatement at Twin Cities Airports

What information is available regarding noise abatement? What tips are there for quiet flying? Are there any air traffic advisories published? What are the other FCM activities? A member of the Eden Prairie community will share their story about how aircraft noise affects them. We always hear the pilot's side. It's time to hear the other side. Members from MAC, The FAA, and the community will be providing insight during this presentation on how we can all live together.

Directions: This seminar will be located in the Modern Avionics Hangar.

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov
